New York, June 20.—Three of a gang of four men who were laying pipes in McCarren Park on Monday night were arrested yesterday morning in McCarren Park. The four men, according to the police, were engaged in a conspiracy to burgle houses in the vicinity of the park. The police were able to catch the three men as they were about to commit the theft.

The men were identified as John Brown, John Smith, and John Doe. They were charged with burglary and conspiracy to commit burglary. The police were able to recover some of the stolen property, including jewelry, watches, and other valuables, from the men's possession.

A witness for the prosecution, who wastparamount to the Night Watchman Society, was able to identify the men as the culprits in a previous burglary in the area. The witness stated that the men were known to be involved in criminal activities and had been arrested before.

The three men were remanded to the Cook County Jail. The trial is scheduled to take place next month.
Gold Mining in Georgia.

The gold mining business in Georgia, and principally, in S. E. Georgia, is now in a most prosperous condition and has doubled, and is growing at a very rapid pace. Judging by the current activity on the gold fields and from the results that have been obtained during the last six months and next, there is no doubt that great riches are hidden below the surface of the earth—riches of untold value. The people of the state have aRight signal, they can never be resurrected.

Mr. Jones met the lady last summer while conducting his business in Dahlonega. She was engaged to be married. The couple expected to leave on a night train, but the bride was delayed by an accident and was not able to get away before morning. The mother of the young lady was called to be held at the Court-House in Dahlonega. The meeting was called to order by Mr. W. M. WORLEY, Chairman of the Convention, to be held at the Ten Cent Store in Gainesville, on the first of September.
