VICTORS are Standard Value.

The standard size of Victor Bicycles is 26 inches, which is the right size for general travel, which ended in a raise.

Moreover, it is a very good size for our country roads, where the terrain is hilly and rough. It is the right size for farmer and country people.

The price is $100, which is a very good price for the quality and durability of the bicycle. It is made of the best materials and is designed to last for many years.

The bicycle is equipped with the latest safety features, including a bell, lights, and reflectors, to ensure the safety of the rider.

The frame is made of lightweight steel, which makes it easy to maneuver and control. The seat is adjustable, so riders of different heights can ride comfortably.

The bicycle is available in several colors, including red, blue, and black.

The wheel size is 26 inches, which is standard for bicycle touring. It offers a smooth ride and is suitable for long distances.

The handlebars are designed for comfort, with a good grip and a ergonomic shape.

The bicycle is equipped with a kickstand, so riders can easily park it without having to use a lock.

The tires are made of rubber, which provides a good grip on the road and is durable.

The bicycle is available in several models, each with its own features and specifications.

A daily papery paper was released August last week.

The trouble is that most of the men and women who keep up with the news, are not able to do so. They are busy with their jobs and unable to read newspapers. The only way to keep up with the news is to keep up with the news.

DOOMED TO A SAD FATE.

Defeated Veteran Members of Congress Unfilled for Other Work.

The fourth of May, 1895, will mark the return to private life of many men when their public careers have been spent in Congress. Of these men, Mr. Robert of Illinois has had the longest service, having been a member of Congress for the third Congress, and not well but for a few months of the second Congress. Mr. Murphy is another old member who will be absent from Congress. His first term was in the Senate, and he was absent from the House for a few months of his term. He has been in Congress for the past four years.

Mr. Harris was last week arrested for distributing his work in New York, and has been arraigned for distributing his work in New York. He has been in Congress for the past four years.

Mr. Holman of Indiana has been in Congress for the past few years. He has been in Congress for the past few years.

Regrettably, a sad fate.

and tried all the physicians for a cure. After that he
tried the popular nostrum of '40, with the same result. The
next experiment was a poultice made with sage, and he
stayed in bed for five days—no effect. 

The people were heartbroken when the bad news was
spread. One of his best friends remarked, "I'm just going
to die, and I will not see my boy again." But the friends
had no cause for fear, for the patient was very soon
recovered. The cause of the illness was determined to be a
febrile attack. He was treated with feverish remedies,
and the patient made a rapid recovery.

The patient is now doing well and is back at work. He
thanks all of his friends for their kindness during his
illness. He is glad to be alive and healthy again, and
will work harder than ever to support his family.

The patient is very grateful for his friends' kindness
and will never forget the help they gave him in his time of
need. He is doing well and will continue to work hard to
support his family. His friends are very happy to see him
back to his normal self.

IN POOR HEALTH may be associated with every other wrong. It is the whisper of the soul which tells us that we have something wrong. It is the signal that the mind is at fault. It is the evidence of the disease of the body. It is the sword which cuts, the fire which burns, the voice which warns, the hand which caresses, the eye which sees, the ear which hears. It is the voice of the soul, the witness of the body, the messenger of the mind. It is the voice of the body, the witness of the soul, the messenger of the mind.

Mr. B. Baker, Editor.

We learn that W. A. Allen is expected with a party of travelling college students in a few days. Mr. Allen assisted in the construction of the new building for the Institute and is well known in the South. The party will arrive in time to render assistance in fitting up the room. Mr. Allen will make an address before the Board of Trustees Wednesday evening next. The subscription list is progressing well, Mr. B. Baker, Editor.

FASTER RESULTS THAN APPLIICATION

Dahlonega, N. C., Feb. 11th, 1895.

A man who has been giving a course of instruction in business for several years and who has shown that he can make a man a first-rate business man in a short time, has started a new course of business teaching. He has taught many successful business men and has adopted a system of an complete for use.

Counsel parsons, shops, apprentices, students, and any other kind of young men and women at

Hale's Men's Co.

in the office of Mrs. Chauncey on First Street, and anyone who desires to learn a trade under his instruction can secure a place at once.

Mr. McCombs, of Monroe, Ga., is one of the best and most efficient business teachers in the state, and with his skill and knowledge of the various branches of the business he is well fitted to teach his pupils.

The Stiles brothers, who have been teaching at the College since 1866, have also adopted the new system and have secured many pupils.

The course of the seven best boys here, Miss Hill and Miss Dotson, at Mrs. Hale's Men's Co., have succeeded in getting three places in the state and have been awarded the highest honors.

There are many young business men in the state who are in great need of instruction and training, and who will be benefited by the system adopted by Mr. McCombs.

Miss Hill and Miss Dotson, who are attending the College, have been awarded the highest honors for their work and have been given places in the state.

The course at Mrs. Hale's Men's Co., is well known and highly regarded, and many successful business men have been trained under its instruction.

We wish to advise all young men and women who are in need of instruction and training to apply to Mr. McCombs, at the College, for his system of instruction, and to secure a place at once.

I have under my control and now prepared several of the richest crinoline licks in the Gold Field. Value average, and worth from $10 to $75 per ton. We desire to place this property in the hands of capitalists in order that proper machinery may be employed for the treatment of the ore. This is in sight and due for sale for inspection. Capital outlay for equipment cannot be made larger than $500,000, but it requires a capital of $1,000,000 to be paid to the new company. The property is worth $2,000,000, and a sample of the ore is now being shipped by the United States Post Office.
