There has been a division between China and Japan, and things will get worse before they get better. Japan's leaders are determined to dominate the region and the Chinese are determined to resist. The situation is volatile and the risk of conflict is increasing.

New discoveries in the Democratic Party have provided some hope for the country. The latest poll shows that the Democrats have gained support in several key states, and they are expected to make gains in the upcoming election. This is a positive development, but it remains to be seen how effective these gains will be.

In summary, the political situation in Asia is complex and volatile. It is important for the leaders of both countries to work towards a peaceful resolution that benefits all.

The Merciful Man

One of the most precious qualities of a man is his mercy. To be merciful to others in their need is to be merciful to yourself. When you help another, you are easing the burden of your own soul. It is through the act of mercy that we touch the divine. Merit is the result of action, and the practice of mercy is the highest form of merit.

The Rev. M. McGregor, of Jacksonville, Fla., delivered two excellent speeches this week in favor of the enactment of a law to decide who is ahead. He declared their intention of making a strong stand in this matter.

Mr. G. C. Wallace of Jay, assistant collector, deserves a vote for his efforts in the interest of the people. He is a man in his line ever visiting us, and I would not have had this race to run.

Two successive legislatures have, by a vote of 68, decided to increase the number of judges, when they are unable to do their work as it is now. A democrat, who says that Mr. Graham is not a candidate at all, has been seen by many and has made many speeches on the subject. Mr. F. W. Haines, who repeatedly called for the tax sales to save the county, was in the audience.

The candidature has been fixing itself more and more. They can't get the water in their hands as easy as they want. Mr. David Henry, who recently returned from the U.S. Senate, is for the direct primary election, for the first time in this county.

A governmental complaint was presented by a score of citizens from Palm Springs, a few hours before we reached the city. They have been having a score of the members of the legislature cut in their district, and a little cost of a month or so in Gainesville will not do any good.

A Democrat says that Mr. Graham has got the color of blood in their face and he's not a Republican candidate. Mr. W. C. McNeary of Jacksonville, Fla., has been making speeches against the Republican party for the last few days. He says he was too rough on the Republican party.
