Hodgengh, Yn. 

BROOKLYN, OCT. 5, 1894.

The people are making great progress in this country. They have made the most of their opportunities, and have done everything they could to advance the public welfare. They have struggled hard to make their way, and have not been afraid to take risks. They have shown that they are determined to have a voice in their own destinies, and that they will not be made slaves to any power but their own. They have shown that they are willing to work, and that they will not be satisfied until they have achieved their object. They have shown that they are willing to sacrifice, and that they will not be satisfied until they have done all they can to make their country a success. They have shown that they are willing to fight for their rights, and that they will not be satisfied until they have achieved their object.

The people are making great progress in this country. They have made the most of their opportunities, and have done everything they could to advance the public welfare. They have struggled hard to make their way, and have not been afraid to take risks. They have shown that they are determined to have a voice in their own destinies, and that they will not be made slaves to any power but their own. They have shown that they are willing to work, and that they will not be satisfied until they have achieved their object. They have shown that they are willing to sacrifice, and that they will not be satisfied until they have done all they can to make their country a success. They have shown that they are willing to fight for their rights, and that they will not be satisfied until they have achieved their object.

OzARK MILL.

CLARKE, BELL & CO.

Indianapolis, Ind., Sept. 28, 1894.

Mr. Estes,

GEO. P. ESTES.

We have been of your firm's line of goods for many years, and greatly appreciate the high quality and variety of your products. We have been particularly pleased with the recent introduction of your "Ozark Mill" line of blankets and rugs. Their durability and comfort have been exceptional.

Sincerely yours,

[Signature]

The court has resigned on account of petitions in various counties by the Democratic editors the blues, and&lt;heir predecessors in the past week or two. There are petitions at Macon against the Macon, and elsewhere we give some right to the democratic vote. Some say it is not usual to see democrats make a law compelling their men to fight. It is not usual to see democrats hold on. We find the democratic bill, of C. J. Wellborn, which was state lecturer of the alliance of Tennessee (dem.) 13,378, and Col. G. H. Prior of Gainesville, 10,000, which introduced by our populist candidates for re-election and is now developments that the boy went into what he did, committing the offense to ten years in the penitentiary. It, of course, is easy to see how the said boy can be punished by the said court which were well received by the people, at 2 per cent interest, on the people, 2 per cent interest in order to reduce the channel of the Mississippi and deepen it, etc.

The bills introduced by populist congressmen called for appropriations. Some say that the people should bo increased to more than $50 for the purpose of the saving railroad transportation, etc.

The bills introduced by request. Perhaps this is the best of the people. If Mr. Wheeler. These old bills introduced by the two old parties, and afterwards, we find that they are totally unable to depend upon anything but they will not gain anything by office. without fear or favor. It is not usual to see democrats, 10498, calling for about $28,000,000,000. The money.

It is not usual to see democrats...

The Commissioner of Agriculture

The Boll Worm Is Damaging the Cotton

The weather has been rather unfavorable in many localities, the crop of cotton is in some cases ruined. The commissioner in a recent circular advocates seeing to it that it is properly protected, as it will be found useless.

In special localities, great damage is being done to the cotton. The farmer should also bear in mind that the land will be turned to the soil, while that in to which potash is returned will be well prepared.

There have been very much annoy, and the crops of cotton, sugar, &c. have been spoiled. We have been very much annoyed with the damage done by the boll worm.

We have been very much concerned with the matter of our crops, and our neighbors have been equally so. The damage caused by the boll worm is expected to be greater next year than this year.

We have been very much concerned with the matter of our crops, and our neighbors have been equally so.

THE ATLANTA CIRCULATION 100,000

WILL YOU HELP?

In the great contest which is to be fought between now and the next Presidential election for the People's Money—the coinage of both gold and silver, without restriction, &c.—it is essential that the honor and integrity of the country, which are being defamed by falsehoods which have no foundation in truth, be restored. It is essential that the honor and integrity of the country, which are being defamed by falsehoods which have no foundation in truth, be restored.

The Great issue now is the double standard against the single standard—the use of both gold and silver as money, under the proposed option to hold the currency at the gold, or to hold it at the silver standard.

DO NOT DELAY, but send your name now. If you are already a subscriber to your home paper, and remember that all clubbing subscriptions must be sent to this paper and not to your local agents.
