A FREE COUNTRY!  

If You Want Freedom -  
Place to find it is at the 
Ballot Box.

The election for congressman is on the 2nd of November. If you are a member of the democratic party for re-election, and fully in theضاء of the party.

I therefore propose to be a candidate for every county, and every political party's idea that is a friend to the people. I am sending Mr. Twigg, who has been the best friend to the people in this state for the last term, to the legislature. They made him, and they will make him again.

The Election in Lumpkin County.

The election last Thursday in Lumpkin County will be remembered. For it was the first time any of the candidates had an exclusive interest in the town in which he was a candidate. The whole town was interested.

The candidates were:

1. Mr. Tate.
2. Mr. Bartlett.
3. Mr. Crisp.
4. Mr. Turner.

Mr. Tate's majority in the town was a solid majority. He carried the town by a majority of one hundred and one, in the absence of the offices in the town.

The town was thrilled with the excitement of the election. The streets were crowded with people, and the air was filled with the声 of victory. The people were all enthusiastic, and the town was aglow with excitement.

The candidates all made fine speeches, and the people were all enthusiastic. The town was alive with the spirit of the election. The people were all-elective, and the town was aglow with excitement.

**THE ESTIMATED VOTE.**

An estimated vote by the careful editor of the New York World shows the following figures for vote in 1894:

- Nov. 18, 1894: 5,546,000
- Nov. 19, 1894: 5,576,000
- Nov. 20, 1894: 5,624,000
- Nov. 21, 1894: 5,640,000
- Nov. 22, 1894: 5,654,000

The Democratic vote is more than a million votes higher, and the election is decided, as may be, and naturally added to in the estimates, as in the case of the Republicans in the 5th district. The Peoples Party is the only one of the three which has increased in strength.

**Mr. Black Head From.**

Some after the election Mr. Black Head From., a candidate for the office of sheriff at the approaching election, asked Mr. Black Head From, a candidate for the office of sheriff at the approaching election, for his help in securing votes. Mr. Black Head From, a candidate for the office of sheriff at the approaching election, said he was not able to help Mr. Black Head From, a candidate for the office of sheriff at the approaching election, as he had other matters to attend to. However, Mr. Black Head From, a candidate for the office of sheriff at the approaching election, assured Mr. Black Head From, a candidate for the office of sheriff at the approaching election, that he would do his best to help Mr. Black Head From, a candidate for the office of sheriff at the approaching election, and that he was confident of his success.

Valuable Information Upon the Farming Subject.

Wheatfarming Society Attention.

To the wheat farmer and all other farmers.

A very important circular, containing valuable information upon the farming subject, has been issued by the Wheatfarming Society. It is entitled, "Wheatfarming: Its Principles and Practice." The object of the publication is to promote the interests of wheatfarming and to bring the facts and figures relating to the subject to the notice of the public.

The circular contains chapters on the selection of soil, the cultivation of wheat, the improvement of fields, and the marketing of wheat. It also includes a detailed account of the best methods of wheatfarming, and the results of experiments conducted by the Wheatfarming Society in various parts of the country.

The circular is illustrated with diagrams and photographs, and is well worth the attention of all farmers. It is available at a small cost, and can be obtained from the Wheatfarming Society, 123 Farming Street, any town.

Wheatfarming: Its Principles and Practice.

A study of the circular will enable farmers to improve their farming methods, and to secure better results from their fields. It is recommended to all farmers as an indispensable guide to the successful cultivation of wheat.
