My Dear Geo.

Yours of 2^d is received. The language of yours to the Com^y would naturally give a different impression to that conveyed in yesterday's yours to me. I will explain it to the Com^y. No further occasion for you to write upon it to them. Doubtless your interests and the Company's will if possible be harmonized. Until further notice there can be no harm in your going on and relying on the letter of Mr Burgess. I congratulate you on accession of good fortune. It seems to me Rubber and Ind. must work together well both for you and for us. I am determined to lean for the rest $.15^{\text{th}}$ whether my case is finished or not. I shall try to squeeze into your cottage while east. Love to the girls and the boys - In haste.

Affectionately
Frank
