-Gainesville Junior College Alma Mater

All hail to Gainesville College,
All hail to the blue and gold;
To thee our Alma Mater
We let our praises roll.

As Lakers may we e’er be true
To Those ideals we learned from you,
And as we go forth from your light,
Guide us ever in the path of right.

For Gainesville College proudly stand
Her sons and daughters through the land;
Their lives do honor to her name,
Their works add glory to her growing fame.

Oh, Alma Mater, thee we toast
As of our college years we boast;
Those years of striving to attain
The promise of our wisdom’s precious gain.

THE CREST

The school crest represents many of the ideals that are a part of Gainesville College. A Polaris star is in the top, left section of the shield. This is the guiding star used by navigators for centuries, and the star is used because of its association with the sea. The wreath is composed of the laurel and oak leaves: the laurel for achievement and the oak for strength and determination.

The quill, pictured below the star, signifies literature, and the lyre is an ancient emblem for the arts.

The right side of the shield is composed of the scholastic torch with the flame forming the letter “G” for Gainesville. The name of the school’s mascot, Lakers, is written across the torch on the ribbon.

Neptune’s nautical crown appears as a crest. Neptune was King of the Sea.

This coat of arms has been surmounted on an anchor, which is a nautical symbol that depicts hope and steadfastness.

King Neptune is holding aloft the trident. Neptune, according to mythology, was not only head of the sea but had all the waters of the earth for his special problems.
HISTORY

Taking note of the University System Board of Regents' policies concerning the establishment of junior colleges, the people of Gainesville and Hall County determined to establish a community college as recommended by Governor Sanders' Commission on Education. Since an adequate site was required by the Regents, along with a million dollars for building purposes, the people of Gainesville and Hall County indebted themselves through a bond issue to make this facility possible.

The Regents chose a site near a proposed four-lane connector highway six miles southwest of the City of Gainesville. This site could serve Gainesville and Hall County while still being readily available to the rapidly expanding metropolitan Atlanta area.

Gainesville Junior College and its sister institution, Lanier Area Technical School, both received large amounts of State and Federal monies, thereby tripling the original local investment. In addition to bond monies, city, county, and state forces as well as private corporations have made substantial contributions in construction and other services.

Many citizens of this area contributed to this project. The work of the citizens was coordinated by an educational task force. This representative group has overcome tremendous difficulties in the preparation of this comprehensive educational complex.
PRESIDENT'S ADDRESS

One of our well-known spirituals begins with the verse, "Every time I feel the spirit moving in my heart..." I get this same feeling about Gainesville Junior College. There is a new spirit moving on this campus. Students are friendlier. You see more smiles. Even the competition in intramural games seems more enjoyable.

This new spirit is a blessing. Going to college is hard work. That is one of the reasons that so many high school graduates do not continue their education. Students who become active in college and learn to enjoy the association with their teachers and classmates do not find studying and attending class to be as difficult as those who simply use the college as an educational "filling station."

Help yourself by becoming a full-fledged "Laker." A real LAKER is a student who becomes part of this college and contributes his or her own ideas and energy while in attendance here. You have a fine faculty. Do your part by becoming a positive force in the new spirit that is growing on this campus.

Then you will be especially glad that you became a LAKER at Gainesville Junior College.
The Gainesville Junior College is one of the doors to a successful life. Every person on this campus is dedicated to giving you the opportunity to mature intellectually, emotionally, and personally. Your success comes from within yourself. The material things and the personnel at this college are here to help you develop your potential. We cannot do it for you, but we can help you do it for yourself.

My office is always open, especially at night. You are welcome to come in and discuss anything you desire. I look forward to seeing you and wish you every success in the years ahead.

We who are privileged to work in the Student Affairs program at Gainesville Junior College are pleased to extend a most cordial welcome to you as together we begin a new school year. I feel confident that “going to college” means many different things to each of you, dependent upon your own particular desires, needs, and interests.

It is the desire of Student Affairs personnel to contribute to your opportunities to enhance your college education by involving yourself in a variety of worthwhile experiences. There are three basic components of the Student Affairs program at GJC: Admissions and Records, which is under the supervision of William B. Edmonds; Student Activities, which is supervised by Jack D. Jones; and Guidance and Counseling Services, for which I am responsible. We look forward to working with you as you pursue your goals.

What is college?? This depends, to a great extent, upon what the persons involved--you, the faculty, administration, staff, and community--want it to be. Let’s strive to make it the very best!!
Gainesville Junior College offers a wide range of extra-class activities which are designed to enhance the cultural and social opportunities as well as the educational experiences of each and every student on campus. The range of activities encompasses some 30 clubs and organizations so that a student has the opportunity to select activities that suit his fancy no matter whether the particular interest be in the realm of social, academic and service groups or in the area of athletics, drama, music, student publications, and intramurals. The activity period is designated as the time for many of these groups to meet and function. The extra-class activities are not required at Gainesville Junior College; therefore, participation is strictly on a voluntary basis. Since this is the case, let me urge each and every student to take advantage of the opportunities that are offered and become a well-rounded person by being a true bona fide LAKER.
Dear Laker,

Welcome to Gainesville Junior College. It is my privilege to serve as your Student Government President. I would like to encourage you as a student to become involved with all the activities that this school has to offer. These activities were designed for your benefit. Use them.

Elected student representatives lend their support to the approval or disapproval of organizations by giving advice to the Director.

PRESIDENTS’ COUNCIL. The Presidents’ Council of Gainesville College consists of the president of the clubs on campus plus the editors of the Fathom and “Anchor” and leaders from the athletic and music departments. Their combined efforts are directed toward unifying the various activities which occur on campus. The advisor is Dr. Jack Jones.

PHI THETA KAPPA. The only official junior college organization to recognize academic excellence and leadership ability is Phi Theta Kappa. Membership is by invitation only. To be eligible for membership in the Rho Mu Chapter of Phi Theta Kappa, a student shall be carrying a full-time load and shall have attained the Dean’s List, a 3.5 average. At least 12 hours of his work must be in course leading to a recognized degree at Gainesville Junior College. Advisors: Dr. Hiler and Ms. Hanner.

In addition to these requirements, a student shall also be of good moral character, shall possess recognized qualities of citizenship, and shall have established academic excellence as judged by the faculty.

To maintain active membership, a student shall, at the end of each quarter, have a grade point average of not less than 3.33. If a 3.33 average is not maintained, the student shall be notified that he has one quarter in which to bring his quarter and cumulative average up to 3.33.

In the spring quarter Phi Theta Kappa attends its national convention. The organization tries through the year to raise funds so that all members who wish to attend may do so, with most of their expenses paid.

Members are initiated during spring quarter of each year in a formal ceremony for members, parents, faculty, and administration.

BIO CHEM PHY. The purpose of the Bio Chem Phy is to provide an opportunity for students to pursue their interest in science, to encourage the development of scientific skills, to afford an opportunity for the student body to acquire first-hand knowledge of the scientific professions, to encourage group and individual participation in scientific activities, to promote good fellowship and high scholarship, to provide a means to form enduring friendships, and to build better communities. Qualification for membership is limited to students majoring in the scientific field or by permission of the heads of the science departments. The advisors are Dr. Hatcher, Mr. Garry McGlaun and Ms. Lynn Pugh.

CIRCLE “K”. Circle “K” is a coed service organization. The objectives of the club are to build leadership, to be a service club and to serve the school and community, to stress citizenship and to build moral character, to provide training in the social graces, and to develop good fellowship and high scholarship.

Prospective members are selected by the Board of Directors. The Board consists of the officers of the club and one member from each of the two classes at Gainesville College. Prospective members are invited to join them by completing a standard application form. Prospective members are required to deliver a speech before the club as a unit stating reasons for desired membership.
A majority vote by the club will elect a person to membership. The advisor is Mr. Taylor.

Deca stands for Distributive Education Clubs of America, a leadership training program designed for college DE students to join and participate in activities on the local, state, and national levels. Deca provides opportunities for group participation and career study, and develops leadership through service to college, community, and the nation. COLLEGIATE PLAYERS. An honorary dramatic organization which recognizes individual and group achievement in the creative arts of the theatre. It serves to stimulate an interest in educational theatre, to develop an appreciation of the best plays, and to promote good standards of production. Membership in this organization is open to all regularly enrolled students at GJC who are eligible for participation in dramatic activities at the college. Eligibility of candidates for membership is determined by the standard point chart of Associate Collegiate Players. Students to be eligible should participate in a sufficient number of dramatic activities to earn a minimum of 10 points. Each year the group prepares a touring show which travels throughout the area.

The group participates in state and regional theatre conventions and sponsors the theatre awards banquet each year.

FATHOM

The Fathom is an annual publication which gives service to the students, faculty, administration, and staff, by providing a lasting and complete view of all aspects of campus activity at Gainesville Junior College. Not only are academics unfolded, but clubs, athletics, activities, special events, and honors are also pictured.

The Fathom staff is composed of interested and hopefully, talented students who are willing to devote extra hours toward putting out the best possible publication. The staff members are selected by the editor and co-editor, and although previous experience is not required, it is an asset to the staff and to the individual. Students who would be interested in this type of work should contact the faculty advisor, Dr. Jack Jones.
ANCHOR

The Anchor, the Gainesville Junior College student newspaper, is published two times each quarter (if we are lucky) rather than three times. Each edition is free to all students and may be found at various distribution points on campus.

An editor's position is open each year to a sophomore student, and an assistant editor's position is open to a freshman. Appointees to these positions receive scholarship funds. Students with newspaper or other journalistic experience --- high school, college, or professional --- are invited to apply for these editorial positions to the Anchor faculty sponsor through the Student Activities Office. Appointment of all Anchor staff members is subject to the approval of the faculty sponsor.

The Anchor welcomes comments from students, faculty, and community and tries to print all signed letters to the editor. However, any material submitted to the Anchor by its readers or its own staff which is judged offensive by the editorial staff or sponsor is subject to review and approval for printing by a committee of students and faculty appointed by the Publications Committee. The Anchor welcomes your participation as a critical reader or as an active staff member. Please let us hear from you.

COLLEGE THEATRE. The College Theatre is the producing organization of Gainesville Junior College.

Any student at Gainesville Junior College is welcome to participate in any aspect of the production: performance, designing, set construction, carpentry, painting, costume designing, business, publicity, box office or dozens of the other aspects of production. Open tryouts are held for every play. The plays usually run for four performances and are held over when reservations demand it. At the end of the year there is an awards banquet to recognize outstanding contributions to the Theatre.

The College Theatre is open both to students and to community participants.
BAND AND CHORUS. Choral and instrumental groups are encouraged. The college offers instruction in concert choir, pep band, and small ensembles, in both vocal and instrumental music. The Music Director invites all students that enjoy participating in musical activities to register for some phase of the musical program. The advisor is Mr. Byrnes.

CULTURAL AFFAIRS. The Gainesville Junior College Cultural Affairs Committee offers a wide variety of programs to the college community. The programs are designed to be of value to many interests, and during the year such presentations of lectures, politicians, films and musicians are scheduled for the benefit of the students.

REFLECTIONS. Reflections welcomes contributions from all students and faculty members in fiction, poetry, essays, music, graphic arts, and photography. This creative arts magazine is published each spring and solicits contributions throughout Fall and Winter Quarters. An editor's position and an assistant editor's position are open each year to sophomore and freshman students respectively. Contact the Reflections sponsor through the Student Activities Office if you are interested in staff work or would like to contribute to the magazine. Contributions judged not in good taste by the editorial staff or sponsor are subject to review and approval for printing by a committee of faculty and students appointed by the Publications Committee. Reflections welcomes your participation as an active staff member, contributor, or interested reader.

CHEERLEADERS. The Laker Cheerleaders are made up of ten girls who try out during fall quarter in front of the student body and faculty. The girls are judged on ability, spirit, personality, appearance, and originality. For the tryouts the girls do three cheers as a group. The cheerleaders promote spirit throughout the school and cheer at as many basketball games as possible. The sponsor is Mrs. Barrett.

INTRAMURALS AND RECREATIONAL ACTIVITIES

The Intramural program is open to all interested students and is organized to include some form of inter-team competition for those of a variety of skill abilities. The activities will include both team and individual sports. The program will provide opportunities for students to participate in a wide variety of activities. Its main focus is, competition within the school with its primary purpose to provide fun and recreation for students and faculty. This program is in contrast to a program for the highly skilled which discourages the average player who are judged not sufficiently skilled to play. In intramurals the average as well as the highly skilled players are made to feel that they are wanted and are good enough to play. Each participant should play hard to win; however, good sportsmanship, courtesy, and the fun of playing will dominate the program. The activities scheduled for 1977-78 include:

FALL QUARTER
Flag Football
Handball
Tennis
Chess

WINTER QUARTER
Table Tennis
Basketball
Basketball Free Throw
Volleyball
Spades

SPRING QUARTER
Softball
Stickball
Tennis
Volleyball

Horseshoes
Field Day

SUMMER QUARTER

Checkers
The Intramural office and staff (located in the Gym) are available to assist students in organizing and registering teams for competition. Advisors are Herman Jones and Garry McGlaun.

BUDGET EXPLANATION

The GJC Student Activities Budget is constructed each year by LACOSA.

Organizations and departments of college operations submit to the council the amount of money they will need to operate on with an explanation of expenditures. The council takes into consideration all written requests for funds and appropriates monies proportionally. The budget is then approved by the College President, then the Board of Regents.

The proposed Student Activities Budget includes the balance from the previous year, the student activity fees paid each quarter and the generated funds that the different groups and programs accumulate throughout the year. According to this projection, the following allocations have been made to the different areas.

STUDENT SERVICES

LIBRARY

PURPOSE:

The purpose of the Gainesville Junior College Library is to provide a live growing collection of books, journals, and other instructional materials that support the academic program of the college. The library encourages students to form the lifetime habit of reading much and reading well.

SERVICES:

Instruction is given to individuals and class groups in the different types of library materials and the effective use of them.

In addition to books and periodicals, the library subscribes to newspapers from representative areas of the world. Records, slides, tapes, framed art reproductions, films, filmstrips, microfilm, microfiche, maps, and charts extend the horizon of learning for all library users.

The library provides a library handbook for each student at the beginning of the Fall Quarter. These may be obtained at the circulation desk throughout the year. A Xerox 720 copier is available near the circulation desk for copying needed materials at ten cents per copy. A Microfilm Reader-Printer with a fiche attachment is available for printing out copies of microfilm and fiche at ten cents per copy.

The card catalogue is the index to the library collection. To make it easier to locate needed materials, the Gainesville Junior College Library catalog is divided into separate units. Author and title cards are filed in one unit, and the subject cards are filed in another unit. Please consult the Library Handbook for the filing arrangement within each unit.

College students are encouraged to use the library collection independently; however, the library staff is available at all times to assist users. Please do not hesitate to ask for assistance when it is needed.

LABS

The biological labs are open daily from 8:30 a.m. to 4:00 p.m. On Monday and Thursday nights the lab is open from 6:00 p.m. to 10:00 p.m. This schedule is subject to change during the year.

The Student Government Association, “Anchor” (Campus Newspaper), Fathom (Yearbook), and Director of Student Activities have offices in the building.

Facilities in the center are suitable for groups of various sizes, and the Director of Student Activities will be happy to assist you in planning your needs.

Reservations for the various facilities are made in the office of the Director of Student Activities where the official college calendar is maintained. All activities must be included on this calendar so as to assure maximum use of the facilities and to avoid conflicts and to get publicity for your programs.

Books are arranged in a self-service manner in the bookstore, and the prices are set by the publishers. Checks should be made out to the Gainesville Junior College Bookstore. Used books are bought by the bookstore on the last three days of each quarter. Books with student’s names written in them must be considered as used books by the bookstore. All scholarship students must contact the Assistant Bookstore Manager each quarter for billing purposes.
