GJC ALUMNI & FRIENDS
GAB & GOLF

Over 80 Alumni and Friends of the College attended the Alumni Open House on May 8 at the home of Dr. and Mrs. Foster Watkins. During a brief business session, Joyce Stephens gave the report of the Nominating Committee. The current officers — President, Bill Stephens; Vice President, Doug Dillard; and Secretary/Treasurer, Sandra Henderson — were elected for another term. GJC t-shirts, in VERY small sizes, were given to several alumni who have recently had additions to their families. Bob Terrell, GJC Class of '86, was recognized for his drawing of the official logo for the Alumni & Friends Golf Tournament. The GJC Jazz Combo provided the entertainment for the evening.

The next day, 104 golfers, including 33 GJC Alumni, tackled the dry conditions at the Chattahoochee Golf Club for the first annual GJC Alumni & Friends Golf Tournament. When the dust settled at 8:30 p.m. Friday, the team of Pierce

FROM THE PRESIDENT

J. FOSTER WATKINS

It was my pleasure to meet recently with the Executive Committee of the GJC Alumni Association during one of their planning sessions for 1986-87. While the focus of the discussions was directed toward the coming year, the group used a summary sheet of 1985-86 activities as a point of departure for their planning. A review of the recap sheet and the discussions of the Executive Committee caused a warm feeling of success to envelop me as I reflected upon the exciting first year of our Alumni Association. Briefly, the Association accomplished the following objectives for the year:

— Published three issues of Anchors Away, the official newsletter of the Association, with a total distribution of over 10,000.

— Coordinated the first Alumni Homecoming with 200+ alumni, family members, and faculty/staff members at “Mrs. Phelps’ Sunday Luncheon” and the followup participation of 82 alumni and their families and friends at the specially arranged theatre production of “My Fair Lady.”

— Supported the Alumni staff in a series of area receptions in Winder, Jefferson, Cornelia, and Dawsonville.

— Organized the highly successful Alumni and Friends Golf Tournament which drew 104 participants and generated $1,250 for the GJC Endowment Fund. A good number of the golfers and other friends of GJC enjoyed the reception hosted by the Association the evening before at the home of Janice and Foster Watkins.

— Mounted two on-campus activities designed to establish continuing Association relationships with those students exiting GJC through graduation and transfer routes — a Sophomore Picnic in May which was attended by over 150 students and the official induction of the 206 graduates into the Association during the graduation ceremony. A letter of congratulations, a GJC key tag, and a membership card were given to each graduate by Alumni Association President Bill Stephens.

— Participated actively in the first annual “A Day For GJC” fund-raising effort with 40 of the 120 volunteers being alumni.

— Continued the increasing participation on the Board of Trustees of the GJC Foundation with 7 alumni serving on the Board and leadership being provided by Chairperson Martha Simmons and Vice Chairperson Dan McNeal.

— Co-hosted with LACOSA the appearance of former Secretary of State Dean Rusk on campus.

The activities of the past year made me doubt whether that level of success could possibly be maintained or exceeded in the coming year. Such thoughts were quickly put to rest by the stimulating planning undertaken by your Executive Committee. Such concerns were reduced further by the prospects of the continuation of strong leadership from your first set of officers — Bill Stephens, Doug Dillard, and Sandra Henderson — who have agreed to provide leadership continuity by serving a second term in their respective positions.

Please allow me to encourage you to take advantage of the multiple opportunities during 1986-87 to participate in the activities of the Alumni Association and maintain your ties with your “first alma mater.”

We are pleased with the turnaround in our enrollment trend during the past three quarters. We just completed our most successful summer quarter since the influx of Viet Nam veterans in 1976. Pre-registration and admissions activities for the fall quarter are running more than 10% above those of last year at this time. Remember to serve GJC as a “recruiter” and let us benefit from your constructive feedback about what we might do to become an even stronger institution in the months and years ahead.

Alumni golfers enjoy a break with President Watkins, left to right: Dirk Dill, Pat Bryant, Rodney Dill, and Foster Watkins.

ALUMNI LEAD THE WAY IN “A DAY FOR GJC”

by Bill Stephens
President
GJC Alumni Association

In 1986, the GJC Foundation and its Executive Committee made an important change in the way the Annual Fund Drive is conducted. The old adage of “if it ain’t broke, don’t fix it” was ignored, and the result was a streamlined and improved fund raising effort.

In the past, the fund raising campaign was stretched over a number of weeks with individual trustees given the task of personally calling on the majority of accounts. The campaigns had been effective, yet they often lasted several weeks.

During the winter months, the Executive Committee spent a great deal of time researching and studying fund raising efforts as conducted by several major universities and smaller colleges across the country. In several instances, it was clear that a concentrated, one-day effort was more effective than the typical weeks-long campaign. Several experts on the subject were interviewed and a decision was made to condense the Foundation Fund Drive to a one-day blitz effort called “A Day For GJC.”

An honorary fund drive chairman was chosen and trustees and friends of the College set about the task of recruiting friends, co-workers, and others to solicit gifts for the College. A special effort was made to contact individuals and companies who had given in the past. Breakfasts were held and several presentations were made by persons representing the individuals and departments who receive funding from the Foundation. For those who couldn’t attend the breakfast, a sausage biscuit accompanied by a pledge card was personally delivered by a trustee.

On April 29th, 120 workers gathered at the College, ate breakfast, and set out on “A Day For GJC.” The result was over $145,000 in checks and pledges to the Foundation.

Of the 120 faculty, staff, trustees, and friends of the College who participated that day, 40 were alumni of the College. We are proud of everyone who participated in the “Day For GJC,” especially those members of our association. Next year we hope to have even more of our folks involved.

As the College and this association grow, be a part of it. Let us know your suggestions and comments. We hope to see you next year when we have our second annual “Day For GJC.”
