Students come from all over Georgia, Alabama, North Carolina and Florida. In 1971, we have students from Iran and Japan. Usually they spend most of their time in the Student Center. The Student Center is the most popular place on campus because here one can eat, study, listen to music, and make new friends. The S.C. also provides a book store from which the students can purchase books needed for classes. Yes, the Student Center is certainly where the action is at G.J.C.
A great deal of college life is behind the scene or at home. Many of our students live in trailers or apartments. As you can tell by the untidy mess in these pictures, "Mom's not around." College kids leave beds unmade, dishes unwashed and dirty clothes lying around. These things are not important because after the evening parties are over and the midnight oil is burned for studying, we find that each student is trying to gain an education while here at G.J.C.
The Gainesville Junior College Drama Department has consistently proven its outstanding characteristics during recent years. The College Players is a closely knit group of students and faculty who present stimulating and enjoyable entertainment for the viewing of the student body and the entire community.
The Science Department at G.J.C. is a very organized part of our curriculum. Each different department has a laboratory in which to prepare its classes and its experiments. The Biology lab is one of the most popular on campus. Here we listen to tapes, mix formulas, dissect fetal pigs, and "goof off" a great deal.
C. has an outstanding Athletic Department. We have one of the basketball teams in the South of the U.S. In addition to basketball we also have gymnastics, fencing, golf, and a very enjoyable extramural Program. The Athletic Department is backed by a well-staffed and a highly spirited group of girls participating in Cheer and Drill Team activities.
Gainesville Junior College has very strict dress regulations as you can tell from these photographs. It's not unusual to find girls in mini skirts, maxis or hot pants, or boys in khaki. Neither is it unusual to find long-haired boys or shag-haired girls.

C. feels that if the student is comfortable, he will be more relaxed and able to study and learn more.
The Library is a very inefficient part of our school not utilized properly by students. When the library is put to proper use, it is one of the most informative places around campus.

The Library is supplied with a card file for finding the book or books needed. It also has microfilms, microfiche, copy machinery, private conference rooms. The Library is one of the most efficient places in our school if we utilize the existing facilities properly.

Sophomores and Faculty Join Together to Welcome The Incoming Freshmen.
One Hectic Day Filled With Long Lines and Confused Faces
The tradition at GJC has always been for the first week of the first quarter to be devoted to the initiation of the new "rats". This week consists of childish games, demanding sophomores, and humiliating stunts performed by the Freshmen. The official definition for a rat during this week as quoted by a sophomore is: "A rat is the lowliest, filthiest, scumiest, scurviest, creature on earth."
During each school year, it is the students' responsibility to elect the officers of their choice to run the Freshman and Sophomore classes.
The periodic concerts at G. J.C. range from rock, to gospel to piano recitals.
College Players is one of the biggest and most active campus. Mr. Cabell's award winning group helps to our school spirit. An evening at a College Players' will always turn into an exciting escapade.

Christmas comes but once a year, with it Santa brings good cheer.

GAINESVILLE WAS NO EXCEPTION.
all is a very popular sport on the Gainesville Junior campus. Everyone not only enjoys watching but many enjoy playing.
The Gainesville Junior College Yearbook Staff annually sponsors the Miss Fathom Pageant, designed to crown the most beautiful girl on campus. Each organization and class sponsors the representative of their choice to vie for the crown. This year the reigning Miss Fathom is Miss Edith Hulsey.
With the arrival of Spring comes new ideas for things to do. Classrooms empty; sun decks overflow. While teachers count the cuts, students tan their "butts"!

Viva La Spring!
the first bounce of the tennis ball, and the first
of the baseball bat, G. J. C. students wake
to a long, hard winter.
Besides fever, spring brings the anticipation of graduation to many sophomores. A hurdle is jumped; the graduates can only look back to G. J. C. and forward to their future.
1972
Homecoming Court
During the week of Homecoming, many festivities were held on the GJC campus: voting for Homecoming Queen, Hobo Day, Bonfire, Anchor Fountain was finally cut on, Faculty Ballgame, Homecoming Signs.
These Laker beauties were presented at half time of the GJC homecoming game. Suspense, tension, and anxiety mounted just before the announcement of the Queen. Tension was released as the Homecoming Queen was announced.

This year's judges were Dr. Worth McDougald, head of broadcasting at UGA; Miss Guy Dean Parks, Delta Airline Stewardess; Mrs. Benson, former designer of evening gowns for beauty queens.
At a tea given by the Fathom Staff in their honor, each girl was interviewed and judged on personality, poise, and beauty.
Excitement and anxiety prevailed as Edith Huley was named Miss Fathom 1971-72. Edith was crowned by Elaine Martin Dunkle, Miss Fathom 1969-70.

The Gainesville Junior College Foundation serves the College well in an advisory capacity and in efforts to fund programs that cannot be funded from appropriated public funds. The group has been very helpful in the promotion of athletics, music, chorous, and drama. Members have given unselfishly of their time, talent, and money. The aim of the Foundation is to assume that our college will continue to operate at a higher than average level.

He is a part.  
When others have lost their spirit,  
his is a part.  
His interest in each student as an individual  
is a part.  
His encouragement and determination to see  
us excel is a part.  
His ability to understand and advise with  
wisdom is a part.  
On campus his faith in G. J. C. students  
is a part.  
In a world groping for genuine values,  
his is the gift of example.  
In a world ignited with hastiness,  
his is the gift of patience.  
In a world of new frontiers,  
his is the gift of encouragement.  
In a world plagued with indecision,  
his is the gift of guidance.

SURE, THIS WORLD is full of trouble —
I ain’t said it ain’t.
I ord, I’ve had enough and double
Reason for complaint;
Rain and storm have come to fret me,
Skies are often gray:
Thorns and brambles have beset me
On the road — but say,
Ain’t it fine today?

What’s the use of always weepin’,
Making trouble last?
What’s the use of always keepin’
Thinkin’ of the past?
Each must have his tribulation —
Water with his wine;
Life, it ain’t no celebration,
Trouble? — I’ve had mine —
But today is fine!

It’s today that I am livin’
Not a month ago.
Havin’; losin’; takin’; givin’;
As time wills it so.
Yesterday a cloud of sorrow
Fell across the way;
It may rain again tomorrow,
It may rain — but say,
Ain’t it fine today?
