Piece by piece we become as one,
Unified through friendship
Each puzzle piece is an individual,
Yet can be fitted with others
To form one
Miraculously,
Through trial and error,
One piece interlocks
Into another
Pictures begin to take shape,
And we reveal our own traits
The process is repeated,
As picture joins with picture
Until a pattern emerges
The collage expands,
With each additional image,
Just as our lives grow and become
Enriched with each other.
Out of a jumbled beginning
Comes a clear picture
Of past realities
And future possibilities
NOTHING GOLD CAN STAY

The Fathom is an annual publication which gives service to the students, faculty, administration, and staff, by providing a lasting and complete view of all aspects of campus activity at GJC, and whose staff is composed of devoted and talented students who put in extra hours toward the best publication possible.
Serving as advisor to the 1979-80 *Fathom* staff has certainly been a rewarding experience for me. I was an innocent lamb, ignorant in the ways of cropping pictures, preparing layouts, and generally getting an annual organized and put together. To my uninitiated mind, it all seemed simple beyond belief: anyone could do that. I was quickly disabused of this notion. The complexities of putting together a volume of the *Fathom* are indeed formidable, but with the dedication and hard work of the staff, yet another edition has cleared the presses.

I would like to extend my thanks to the staff for their diligence, and especially to Editor Robin Blan for kindly showing me what to do.
